

# DARIA CHRYSOCHOOS

## *SPIA Study Abroad Scholarship*

Daria Chrysochoos is a junior Honor's AB/MPA student majoring in political science and public administration, and an executive board member of Gamma Sigma Sigma National Service Sorority.

After graduation, Daria hopes to pursue a career as a project manager working for a major city. She is interested in transportation and hopes to be able to tie her love for cities and the environment into her future career.

Made possible by the generosity of donors to the SPIA General Fund, Daria will be attending the SPIA study abroad trip in Glasgow, Scotland in the summer of 2018. Daria's grandparents are from Greece, but she has never travelled outside of the U.S. She is most looking forward to the historical aspects of visiting Scotland.

***“I truly cannot wrap my mind around the idea that I will soon be seeing the monument to Sir William Wallace who lived in the 1200s! Plus, don't even get me started on seeing the Scottish Parliament - that will pretty much complete my life! I can hardly wait, and I am so thankful for the opportunity I've been given.”***

*Your gifts make a direct and lasting impact on our students. Thank you for your support of the School!*
