Course Description and Goals

This course provides a broad overview of the political system in the United States, thereby providing a foundation for future courses you may take regarding American politics. This course will accomplish this by looking at American politics through the lens of Political Science. In other words, we will try to develop an understanding of cause-and-effect relationships in politics. This theoretical understanding of cause-and-effect should inform your understanding of political interaction even as political personalities and issues change in future years. Since these goals require you not only to know and understand information, but also think for yourself, we will design lectures, discussion, and writing in a way that encourages active thought.

This course asks: “How does American politics work?” By the end of the course, you should be able to:

- Argue how fundamental principles of American politics can best be implemented.
- Explain the basic procedures, rules, and structure of major American political institutions and argue how institutions shape strategic behavior.
- Discuss what influences the principal forms of mass political behavior.

In learning skills of Political Science, you should be able to:

- Apply theoretical principles from Political Science to understand real political situations.
- Write a logical and coherent argument.
- Use evidence and data to evaluate theoretical arguments.

Reading

There are two required texts for this course:

- Maltese, John Anthony, Joseph A. Pika, and W. Phillips Shively. 2013. *Government Matters: American Democracy in Context*. New York: McGraw Hill. ISBN-13: 978-0-07-337894-7.
- Bullock, III, Charles S. and Ronald Keith Gaddie. 2013. *Georgia Politics in a State of Change*. Second Edition. New York: Pearson. ISBN-13: 978-0-205-86467-6.

Students with Disabilities

Students with disabilities that have been certified by the UGA Disabilities Services office will be accommodated according to university policy. If you have documentation for accommodations from Disabilities Services, please present it to your teaching assistant *as soon as possible*, and please notify the lead instructor if you need additional assistance. For more information, contact Disabilities Services at 706-542-8719.

Academic Integrity

Academic integrity is a core value of institutions of higher learning. All students, upon enrolling, must pledge: “I will be academically honest in all of my academic work and will not tolerate academic dishonesty of others.” It is your responsibility to avoid plagiarism, cheating, and dishonesty. The university policy on academic integrity is posted at: <https://honesty.uga.edu/>. To qualify the application of the policy in this course: tests and written assignments (including critical thinking exercises) should be your own work, while studying and class preparation can (and should) be done with others.

Course Requirements and Evaluation

Your final grade will be based on the sum of points earned from each of the following assignments:

Top Hat participation in lectures	5 pts.
Section attendance and participation	10 pts.
Critical thinking exercises	10 pts.
First exam	24 pts.
Second exam	24 pts.
Final exam	27 pts.

Top Hat and lecture participation: We will be using the Top Hat (www.tophat.com) classroom response system in class. You will be able to submit answers to in-class questions using Apple or Android smartphones and tablets, laptops, or through text message. Please only connect one device to the WiFi in class, and that be the device you intend to answer questions with. 5 points of your final grade are tied to in-lecture participation (90% participation, and 10% accuracy).

You can visit the Top Hat Overview within the Top Hat Success Center which outlines how you will register for a Top Hat account, as well as providing a brief overview to get you up and running on the system:

<https://success.tophat.com/s/article/Student-Top-Hat-Overview-and-Getting-Started-Guide>

An email invitation was sent to you by email, and a follow-up will be sent at the end of add-drop. If don't receive this email, please e-mail Dr. Monogan. Top Hat will require a paid subscription if you do not already have one, and a full breakdown of all subscription options available can be found here: <http://www.tophat.com/pricing>.

Should you require assistance with Top Hat at any time, due to the fact that they require specific user information to troubleshoot these issues, please contact their Support Team directly by way of email (support@tophat.com), the in app support button, or by calling 1-888-663-5491.

Critical thinking exercises: The critical thinking exercises must be completed on Top Hat (<https://tophat.com/>). To access the exercise, login to Top Hat, choose the "Critical Thinking Exercises" folder, choose the exercise that is due, and fill in all answers. These exercises are completed entirely online and serve as the central writing assignments in the course. These must be your own work, and you may not submit them after 11:59pm on the due date. Critical thinking exercises will be discussed in discussion sections, so a quality job by the due dates is essential for preparation.

Exams: The first two exams will take place within regular class periods during the semester. The final exam will take place during the allocated exam time. The final exam is cumulative (1/3 old material, 2/3 new material). All exams will be based on the weekly *course objectives* presented in the syllabus. At least 10% of each exam will focus on Georgia state politics.

Section Attendance and Participation: Participation in discussion sections will account for 5 points towards your final grade. Attendance in discussion sections will constitute another 5 points towards your grade, but frequent absences also will affect your ability to participate in class. All teaching assistants will assign participation grades according to the following guidelines:

Score	Expectations
5	Student voluntarily makes a substantive contribution to class discussion every week. His or her comments and questions demonstrate thorough completion of the assigned readings and consistent attendance in lecture. Student actively participates in group work.
4	Student demonstrates completion of assigned readings and consistent attendance in lecture by responding appropriately to questions posed by the instructor. He or she participates actively in group work and sometimes volunteers substantive comments or questions during class discussion.
3	Student is often unable to answer questions posed by the instructor. He or she does not always participate in group work, and never volunteers substantive comments or questions.
2	Student is frequently absent and never participates in classroom activities or discussion.
1	Student is disruptive or disrespectful.
0	Student does not attend discussion section.

Further, inappropriate behavior such as using cell phones, sleeping, or surfing the web during class will cause a deduction in your participation grade, regardless of your fulfillment of the above expectations.

Overall Grades: Grades are constructed to reflect the university standards posted at http://bulletin.uga.edu/Bulletin_Files/acad/Grades.html, which are summarized below. Grades will be based on how many points you earn according to the following distribution:

“Excellent”	A-=90-92 pts.	A=93-100 pts.	
“Good”	B-=80-82 pts.	B=83-86 pts.	B+=87-89 pts.
“Satisfactory”	C-=70-72 pts.	C=73-76 pts.	C+=77-79 pts.
“Passing”	D =60-69 pts.		
“Failure”	F =fewer than 60 pts.		

Other Policies and Missed Work

Your regular attendance is necessary for success in this class because missing class disrupts your ability to participate and turn in assignments. It also detracts from other students' opportunities to benefit from your insights during discussions. You are allowed one absence from your discussion section, and your section grade will be penalized for every absence after that.

Missed exams can be made up only in cases of extreme circumstances (prolonged illness or death in the family) or travel related to university activities. If you know you will miss an exam, arrangements can be made at least one week in advance. If a makeup is granted a week ahead of the midterm exam, the makeup will be scheduled to occur during the final exam period at the end of the semester. Otherwise, no late work will be accepted on any assignment.

If you have questions about procedures or grades, please direct them to your teaching assistant. Only if you cannot resolve the question with your teaching assistant should the issue be appealed to the lead instructor.

Student Resources

You can increase your chance of success in this course by using UGA's academic services. The Division of Academic Enhancement offers tutoring in **Collaborative Academic and Retention Effort (CARE)** that can help with overall course performance and in **Writing** that can help with critical thinking exercises. You can set an appointment at <http://dae.uga.edu/>, and the phone number is 706-542-7575. You also may check out opportunities at the Miller Learning Center (<http://mlc.uga.edu/>) and the Writing Center (<http://writingcenter.english.uga.edu/>).

How to Succeed in this Course

- Be respectful of your own and others' ideas.
- Attend class consistently.
- Keep up with the readings.
- If something is not clear, ask a question.
- Clarify expectations with the teaching assistant or professor.
- Follow the syllabus for daily and weekly expectations.
