Pre-seminar in American Politics  
Fall 2023  

Dr. Richard L. Vining, Jr.  
Office: Baldwin 376  
Email: rvining@uga.edu  
Office hours: By appointment  
Classroom: Baldwin 202  
Meetings: Monday 4:00-6:45 (in-person)  

Disclaimer: The course syllabus is a general plan for the course; deviations announced to the class by the instructor may be necessary.  

This seminar provides an overview of several subfields in American Politics. We will discuss and critique seminal research in the field as well as recent publications. This seminar is also designed to develop your ability to conduct and analyze original research. To this end, we will discuss general approaches to political inquiry, basic methodological issues, the review process, and other related topics.  

Students are required to purchase the following books:  

- Mancur Olson, The Logic of Collective Action (1965)  
- David Mayhew, Congress: The Electoral Connection (2004 edition)  

Student performance evaluations are based on (1) course participation (30%), (2) a 12-15 page literature review on a relevant topic (30%), and (3) a final examination (40%). This is not a lecture course; participation is required. You must complete and think critically about the reading before you come to seminar. You will be evaluated on the quality of your analysis, which is comparable to serving as a discussant at an academic conference.  

Due dates:  
Course paper: November 28  
Final exam: December 13  

Given the importance of class participation, regular attendance is required.  

**Literature Review.** The literature review summarizes major findings, explains the underlying theory (or competing theories), discusses research methods, and addresses problems or gaps in the literature. In an empirical project, the review “sets up” the hypotheses and research design that are the foundation for analyzing the data.  

Your literature review should address several general questions: What do we know about this? What are the various theories, perspectives, approaches or “schools of thought” in this area? What are the gaps in or problems with our existing knowledge base? What questions still need to be answered; what issues need to be addressed?
You should follow a format used by the major journals in the discipline (APSR, JOP, AJPS, PRQ, etc.). If you are unfamiliar with these formats, refer to any recent edition of a major Political Science journal or the style guide of the American Political Science Association.

**Academic Integrity.** Neither plagiarism nor cheating will be tolerated. Appropriate citations are expected and encouraged. All students are expected to behave in accordance with the guidelines of the UGA Honor Code. If you are unsure whether certain actions are acceptable, consult your instructor. Use of artificial intelligence (e.g., ChatGPT) to write class assignments will not be tolerated and will result in a failing grade (F).

UGA Student Honor Code: "I will be academically honest in all of my academic work and will not tolerate academic dishonesty of others." A Culture of Honesty, the University's policy and procedures for handling cases of suspected dishonesty, can be found at [www.uga.edu/ovpi](http://www.uga.edu/ovpi).

Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences of race, culture, religion, politics, sexual orientation, gender, gender variance, and nationalities. Class rosters are provided to the instructor with the student’s legal name. I am eager to address you by your preferred name and/or gender pronoun. Please advise me of this preference early in the semester so that I may make appropriate changes to my records.

In the absence of written authorization from the UGA Disability Resource Center, students may not make a visual or audio recording of any aspect of this course. Students who have a recording accommodation agree in writing that they:

- Will use the records only for personal academic use during the specific course.
- Understand that faculty members have copyright interest in their class lectures and that they agree not to infringe on this right in any way.
- Understand that the faculty member and students in the class have privacy rights and agree not to violate those rights by using recordings for any reason other than their own personal study.
- Will not release, digitally upload, broadcast, transcribe, or otherwise share all or any part of the recordings. They also agree that they will not profit financially and will not allow others to benefit personally or financially from lecture recordings or other course materials.
- Will erase/delete all recordings at the end of the semester.
Understand that violation of these terms may subject them to discipline under the Student Code of Conduct or subject them to liability under copyright laws.

**Coronavirus Information for Students**

UGA continues to follow Georgia Department of Public Health (GDPH) guidance on COVID-19. Self-isolation is the expectation for faculty, staff, and students who test positive for COVID-19, i.e.,
- Isolate for 5 days.
- If you have no symptoms or your symptoms are resolving after 5 days, you can leave isolation.
- Continue to wear a mask around others for 5 additional days.

If you have been in close contact with someone who is COVID-positive, but you are not sick, GDPH and CDC urge you “…to monitor your health for symptoms of COVID-19 during the 10 days following the last time you were in close contact with a sick person with COVID-19.”

While the University Health Center continues to stock COVID-19 vaccines, surveillance testing and Dawg Check have been suspended. Mask-wearing is not mandatory on campus (and we cannot require students to wear masks nor ask about vaccination status).
