

2022-2023 MPA INTERNSHIP SHEET

“The MPA program exposed me to practical coursework that enabled me to perform well in my internship at the Georgia Department of Administrative Services in the State Purchasing Division. Courses such as Bids and Contracting and Data Analysis not only strengthened my theoretical foundations but also provided me with skills to perform data analysis in Tableau at DOAS. These skills will act as an asset in my future jobs as well.”

Aashna Monga, MPA '24
