**Class Schedule:** Tuesday/Thursday 2:20-3:10 (Instructional Plaza, S306)

#### Course Description:

This course is designed to introduce students to the institutions and processes of American national government. Over the course of the semester, we will examine explanations of how our political system operates and how well it meets its democratic aspirations. The purpose of the course is to promote learning and critical thinking about U.S. politics that goes beyond much of what we hear and read in the news, social media, and everyday conversation. One of my primary goals then is to have you reevaluate commonly held assumptions and criticisms of the American political system. In some instances, what you learn will run counter to commonly held views about American government (regardless of your political beliefs). In addition, we will focus on many basics of U.S. government that are not well known or understood (e.g., the Electoral College). We will also cover the Georgia constitution and political system.

#### Course Readings:

Janda, Kenneth, Jeffrey M. Berry, Jerry Goldman, Deborah Schildkraut, and Paul Manna. 2022. *The Challenge of Democracy: American Government in Global Politics 15<sup>th</sup> Edition*. Boston. Cengage.

\*\*\*You must purchase a version of the textbook with access to MindTap\*\*\*

There are also required (free) online readings for most weeks that are listed under the semester schedule.

#### Courseware:

We will be using **Top Hat** ([www.tophat.com](http://www.tophat.com)) for class participation (both lecture and discussion sections). You will be able to submit answers to in-class questions using Apple or Android smartphones and tablets, laptops, or through text message. For instructions on how to download the Top Hat app, please refer to [Top Hat's Getting Started Guide](#). \*\*\*Please note you cannot create an account through mobile applications\*\*\*

If you already have a Top Hat account, go to the course within eLC and click on any launch or deep link for Top Hat. **If you are new to Top Hat**, you will be prompted to create an account once you click on any launch or deep link for Top Hat.

If you do not click the launch link, then you will be removed from the course roster every night when the sync happens. In this case, you simply need to access Top Hat using an LTI link. If you completed any assignments using a Top Hat account with the same UGA email address as the email address you use to log into eLC, then your answers and grades will be restored. If a paid subscription is required, it will be listed at checkout when you access the Top Hat course.

Should you require assistance with Top Hat please contact their Support Team directly by way of email ([support@tophat.com](mailto:support@tophat.com)), the in-app support button, or by calling 1-888-663-5491. Specific user information may be required by their technical support team when troubleshooting issues. Professor Nicholson or your teaching assistant will not be able to help with technical issues.

**Class Website:**

The class will be administered through the eLC website and you will use it to submit assignments, take quizzes, and to receive class announcements. My primary means of communication with you will be through announcements posted in eLC so be sure to check *frequently* (at least daily). To ensure you automatically receive eLC updates for our class via email you will need to do the following: eLC > Click on your profile > Notifications > Instant Notifications. Please note that you cannot reply to an email I send via eLC (ending in @uga.view.usg.edu emails) so contact me by email instead.

**Course Requirements:**

To complete the course successfully, students are required to take weekly quizzes, three in-class exams, and regularly participate in discussion section. The purpose of the quizzes and exams is to assess student understanding of the structure and operation of the American political system and demonstrate knowledge of the central theories, approaches, and findings.

**Lecture Participation and Extra Credit:**

Students should attend class regularly and, ideally, have read the material before class. Given the large amount of material we will cover, it is important to not get behind or miss class. If you anticipate missing more than a few classes or are unable to keep up with the reading, please drop the class. Although class slides will be available to you during and after class, it is my experience that students who attend class typically receive higher grades. If you care about your grade, come to class!

Students who attend class and participate will receive extra credit (up to 2 percentage points of your final grade!). Using Top Hat, I will periodically ask questions to gauge student learning. Each time you answer a question, you receive extra credit. The extra credit is added to your final grade at the end of the semester. Since in-class participation points are extra credit, there are no opportunities to make up missed points due to absence (regardless of why you missed class).

Students are also expected to be courteous. Please do not eat, sleep, read, arrive late to, or leave during, class time (if you must leave early, please sit in the back row and exit discretely). Do not text, surf the web, or otherwise do anything on your phone, tablet, or computer that is not class related. Other than answering class questions with the Top Hat app, students are not to be on their phones during class.

**Discussion Section:**

You are required to regularly attend the breakout/discussion session you are enrolled in. Please identify your section and your Teaching Assistant (TA) by checking your class schedule. This is an important step since your TA is responsible for leading the breakout

session and grades. Attendance in breakout session is mandatory and part of your grade. Your TA will discuss expectations with you. All breakout sessions are on Monday.

### Grading

The final grade is made up of weekly chapter quizzes (open book/note), three in-class exams (two midterms and a final), and breakout section participation. The weekly chapter quizzes are worth 20%, the in-class exams are worth 25% each, and participation in discussion section is worth 5%. Although the third exam is held during finals week, it will be non-cumulative and be worth the same amount as the other in-class exams. *Weekly quizzes need to be completed no later than midnight on Sunday, the night before discussion section.* You have five attempts to take a quiz if you did not receive a perfect score.

I will assign grades according to the following scale:

A = 94 and above	B- = 80-83	D+ = 67-69
A- = 90-93	C+ = 77-79	D = 64-66
B+ = 87-89	C = 74-76	D- = 60-63
B = 84-86	C- = 70-73	F < Below 60

### Whom To Contact When You Have Questions

If you have questions regarding lecture or administrative concerns, please do not hesitate to contact me at [snicholson@uga.edu](mailto:snicholson@uga.edu). Questions regarding grades should be directed to your teaching assistant. If you are unable to resolve a grade dispute with your TA, you may appeal the grade to me. If you appeal a grade, you are required to do so in writing. If I regrade an assignment or test, your grade may go up or down. Any grade appeals made to me must be made *after* you have discussed your grade with your TA; most disputes or questions about grading are often resolved after these conversations.

### Late Work and Makeups

Make up exams will only be given in cases of an excused absence in accordance with university policies. Examples of excused absences include jury duty, military duty, religious observances, illness, and bereavement for an immediate family member. Excuses should be coordinated with your teaching assistant and should be provided

**prior** to the date of the exam or assignment. If you turn in work late and do not have an excused absence, your final score will be deducted 10% for each day it is late. Unless contacted in advance (apart from emergencies), make-ups will not be granted.

### **Academic Honesty:**

You are expected to adhere to the UGA Student Honor Code: "I will be academically honest in all of my academic work and will not tolerate academic dishonesty of others." A Culture of Honesty, the University's policies and procedures for handling cases of suspected dishonesty, can be found at [www.uga.edu/ovpi](http://www.uga.edu/ovpi). Unless explicitly stated, artificial intelligence-based technologies, such as ChatGPT, must not be used to generate responses for student assignments. If you are unclear what constitutes plagiarism, please consult Professor Nicholson or your teaching assistant.

### **Prohibition on Recording Classes:**

In the absence of written authorization from the UGA Disability Resource Center, students may not make a visual or audio recording of any aspect of this course including lectures and discussion sections. I require that you seek my permission if you want to make audio and/or video recordings of any portion of class. If you do not have permission (or an accommodation from DRC), do not take photographs, audio recordings, or video recordings of any person in this class without their express permission. Further, do not take or share audio or video recordings of course lectures or discussions. Violation of this policy will result in you receiving 0% for class participation, and, depending on the severity of the violation, may result in you receiving a grade of "F" in the class.

### **Preferred Names and Pronouns:**

Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences of race, culture, religion, politics, sexual orientation, gender, gender variance, and nationalities. Class rosters are provided to the instructor with the student's legal name. We are eager to address you by your preferred name and/or gender pronoun. Please advise me and your TA of this preference early in the semester so that we can make appropriate changes to records.

### **Mental Health and Wellness Resources:**
