For each semester *remaining* in your undergraduate degree, please note the year (e.g., “Fall 24”) and list all courses that you still need to complete, with the number of credit hours (e.g., “POLS 1101, 3”). If you plan to study abroad, please indicate that in the relevant semester box. You will find it helpful to consult your undergraduate advisor to determine the required and elective courses for your degree program.
