

2023-2024 MPA INTERNSHIP SHEET

“During my internship at GAO, I worked with my team to assess the Internal Revenue Service’s adherence to best practices in customer service and tax processing during the 2023 tax filing season. The MPA program taught me how to learn, research, and write more effectively, which was invaluable in helping me learn about a multifaceted agency on the fly. My work contributed to the publishing of a report with actionable recommendations on how the IRS can improve customer service and tax processing efficiency during the filing season. This internship allowed me to improve skills I learned in the MPA program and gave me the opportunity to find a fun, fulfilling, and stable career in public service.”
