

The Governor's Office of Student Achievement (GOSA) is currently seeking qualified candidates for the position of **Policy Analyst II**. We would appreciate your support in sharing this opportunity with your students, colleagues, or any individuals who may be a good fit for the role.

Ideal candidates will possess the following qualifications:

- 2–4 years of experience in quantitative research and data analysis
- Proficiency in statistical analysis and quantitative research methodologies
- Experience using statistical software (STATA preferred; R, Python, SAS, or SPSS also acceptable)
- Experience working with large, in-house and secondary datasets
- Strong technical accuracy, data management capabilities, and attention to detail
