

Fralick Bozeman Legislative Internship

Fralick Bozeman Public Affairs is a state-level contract lobbying firm based in Atlanta, GA. Together, our team has over 60 years of lobbying and government affairs experience in Georgia. Our team is focused on providing public policy solutions, strategic consulting, and business development. The FBPA team works on many legislative issues with clients in nearly every sector. If you are interested in gaining firsthand experience in the inner workings of the legislative process, this paid internship would be a great opportunity for you. If your college or university offers academic credit for the internship, FBPA will complete and sign the required documentation to support that credit.

Intern Responsibilities: We are currently looking for candidates for a full-time internship at the Capitol during the 2027 Legislative Session. We need candidates who are interested in the legislative process to help cover the Georgia State House and Senate when they meet, and to cover committee meetings and track bills, along with other legislative tasks.

Qualifications: Students of all majors and experience levels are welcome to apply. Applicants must be **21 years or older**. Basic qualifications include:

- Detail-oriented
- Excellent note-taking capabilities
- Integrity and accountability in a professional setting
- Ability to take direction and learn quickly in a fast-paced environment
- Strong communication skills to communicate effectively with the team
- Confidence in communicating with both legislators and clients
- Interest in learning more about the legislative process and Georgia politics

Expectations: Interns are required to commit full-time for the course of the legislative session, which generally runs from January through March, and sometimes into April. The hours usually range from 9:00-5:00 but can sometimes start earlier or end later, as the hours are dependent on Georgia's 2027 Legislative Session. Interns are expected to maintain business professional attire while working at the Capitol and attending other FBPA-related meetings and events. Interns are also required to have access to a smartphone and a laptop, in addition to reliable transportation.

To Apply: All interested applicants may apply by sending an email with a brief introduction to Government Affairs Manager Tanner Pencek at tanner@fralickbozeman.com. We will begin interviewing for the 2027 Legislative Session in October, so please send your applications in sooner rather than later, as applications are considered on a rolling basis.
